

PHRASAL VERBS: BIRTHDAY PARTY

BLOW UP

to make something larger because of air, etc.
We blew up balloons for the party.

TURN UP

to increase the level of production (e.g. heat, volume, etc.) of a machine

It's too quiet for a party. Turn up the music!

BLOW OUT

to use your breath to make a flame stop burning

Don't forget to make a wish when you blow out the candles.

PULL OFF

to succeed in doing something difficult and possibly sneaky

I didn't think we could keep the birthday party a surprise all week, but we pulled it off!
