

“Habitat” Chant

Habitat, habitat, have to have a habitat,
Habitat, habitat, have to have a habitat,
Habitat, habitat, have to have a habitat,
Have to have a habitat... to carry on!

Well, the **forest** is a habitat, a very special habitat.
It’s where the tallest trees are at, it’s where a bear can scratch
her back.
It keeps the earth from rolling back, prevents erosion, that’s a fact.
The **forest** is a habitat that... we all depend on!

Habitat, habitat, have to have a habitat,
Habitat, habitat, have to have a habitat,
Habitat, habitat, have to have a habitat,
Have to have a habitat... to carry on!

Well, the **tree** is a habitat, a very special habitat.
The roots are where the mice are at, it’s where the birds can sing
and quack.
When it dies it’s still a home, a place that insects call their own,
that’s a fact.
The **tree** is a habitat that... we all depend on!

Habitat, habitat, have to have a habitat,
Habitat, habitat, have to have a habitat,
Habitat, habitat, have to have a habitat,
Have to have a habitat... to carry on!

Well, the **river** is a habitat, a very special habitat.
It’s where the freshest water’s at, for people, fish, and wild cats.
But if the people dump their waste, so many creatures are
displaced, that’s a fact.
The **river** is a habitat that... we all depend on!

Habitat, habitat, have to have a habitat,
Habitat, habitat, have to have a habitat,
Habitat, habitat, have to have a habitat,
Have to have a habitat... to carry on!

But people are different than foxes and rabbits,
Affecting the world with our bad habits.
It’s better to love it while we still have it.
Or rat-a-tat-tat... our habitat’s gone.

As seen in the video, adapted from the original “Habitat” by Kathe Gorja-Hendrickson and John Hendrickson.
